

## GUINEA MISSION REPORT

### **Guinea Conakry is getting ready for the hour of awakening and breakthrough.**

From the 7<sup>th</sup> to the 18<sup>th</sup> of June 2018, we have been honored to carry out an official working mission to Conakry in Guinea Republic. That mission that responded to an order from our International President MARIO GARCIA (Unity-love and respect) has been initiated by Ghana with the facilitation of the Anglophone West Africa Vice President WILLIE ORHIN and Ghana national President and International Director GEORGES PRAH.

During three days, the International Vice President in charge of the Francophone West Africa from Cote d'ivoire and Ghana's delegation escorted by FGBMFI fellows from Nigeria, have animated several training sessions on essential topics concerning FGBMFI operation and its vision. Guineans attendees (98) have acquired tools for an ideal operation of FGBMFI and also got benefit of the speakers' long experience and charisma. Souls have been gained to God, new adherents have been recorded. God displays his mercy through his Spirit and baptisms in the Holy Spirit have been recorded, as well as healings and deliverances.

Beyond the training, the region's Vice President LUCIEN AHUA received support from other delegations to consecrate the reconciliation between the different groups of the community separated since long. After that, the appropriate national structures and working committees have been set up. These are:

- The national executive board
- The national board
- A committee in charge to write the by-laws for a national operation and official recognition of the fellowship in Guinea.

Regarding the difficulties and needs; and in order to have more benefit of encouraging achievements of this mission, my stay has been extended. This extending allowed us to realize the fellowship's struggles. Thanks to the extending, we met business and diplomatic figures. An encountering with women also allowed us to explain the vision and the reason they had to engage. A new chapter has been created on the last day in Sheraton Hotel, the greatest and most prestigious hotel of the capital Conakry. We also got the privilege to gather the new national executive board for its first meeting which adopted new objectives for FGBMFI Guinea. In this regard, an action plan for 6 months has been adopted.

The mission ended up on 17<sup>th</sup> June after eleven days stay in Guinea land. Our thanksgiving is to God who leads us straight through his Holy Spirit in every circumstance. We thank very much Ghana and our beloved brothers Wexford Amoa Ghana National Vice President, Ofei Ghana National Director and not forgetting the devoted brothers Jude Ememe and Oke Nderibe from Nigeria, invited by Ghana to support us. Glory to God for the reborn of Guinea

Full Gospel now reinforced by brothers and sisters determined to make exploits, headed by the National President obviously convinced of a better future. Glory be to GOD
